

State Project No. 4400001583
Retainer Contract for Safety Studies
Statewide

Q. What % of the overall work is anticipated for the environmental portion of the task orders?

A. It is anticipated that the environmental portion of the task orders will be no more than 5% of the overall work.

Q. Minimum Personnel Requirement No. 4a calls for “one Environmental Professional with a minimum of three years of experience.” Can this requirement be met with a Louisiana registered PE in environmental engineering who has completed the FHWA NEPA Transportation Decision Making course?

A. Yes. Please note that it is not mandatory to be a registered PE to meet this requirement.
